Subject: Final Version of the Biomarker Presentation

Dear Rick,
Thank you for your comments that you left on my voicemail. I once again want to apologize for the short notice and will take personal responsibility to make sure that all my colleagues in Clinical Evaluation become aware of the MRB process for invited presentations as well. I must admit that I was surprised by your comment about the business need for such a presentation and would like to discuss them with you in person.

Nevertheless, I have tried to capture your suggestions regarding the talk as best as I could from the voicemail and am sending you the revised version.

a) I have revised the slide on the Criteria for Biomarker Selection.
b) I have removed the data on the biomarkers of potential harm
c) The nomenclature used regarding the biomarker of potential harm is based on IOM and can be reworded if you absolutely disagree

P.S. Kevin has reviewed the presentation and did not have any comments.

Sincerely,

Mohamadi Sarkar
